

Dear friends,

We wish you a MERRY CHRISTMAS and HAPPY NEW YEAR

The best wishes for a lovely 2010

This year we have sail down from Canada to Mexico and we are now sailing in the Sea of Cortez. So we have cactus instead of trees and the bald eagle are replaced by the pelican. It is warm down here, but it has not been too bad so far.

Our sailing between the San Juan Islands in U.S.A last December ended, when the wind changed to NE and the winter came. It starts blowing and the temperature drop to under the freezing point. So we sailed back to Canada and Daphne Isle, which was covered in snow. We spent January at the island, together with Trisha and Kaspar and had a good time there.

We went to Denmark in the end of January to visit family and friends. It was great to be home for the first time in 6 years. In the end of April we ware back in Canada and had Dana on the hard in Nanaimo two weeks later.

The summer was spent in the Victoria and San Juan Islands area. We visited Peter and Cherie at Shaw Island, and stay there long time while we worked at Dana. We sailed down to Sequim Bay and drove around in Olympic National Park for a couple of days.

In the end of August we sailed down to San Francisco and spent a couple of months there. We had a fast car trip half way across the USA to Indianapolis with our friend Dolores.

From San Francisco we sailed down to San Diego, visited the Channel Islands on the way. After making the last preparation in San Diego we final left USA and sailed down to Mexico. We had a nice sailing down the long coast of Baja California, where we went in to Bahia Santa Maria and Bahia Magdalena and a visit to Puerto San Carlos by a panga. The trip from Cabo San Lucas to La Paz was upwind. We will cruise for a couple of months around the La Paz area and up along the coast of Baja in Sea of Cortez.

After Mexico we plan to sail down to Galapagos Islands and continue across the South Pacific to New Zealand, where we hope to bee next Christmas.

Kind regards

Lene & Henrik
